

SIMRAN PANWAR

Full-Stack Developer

9258695051 | simmipanwar757@gmail.com | <https://www.linkedin.com/in/simran-panwar-43ba99367/>

CAREER SUMMARY

Passionate Front-End Developer with strong skills in HTML, CSS, JavaScript, and React. I enjoy building responsive and user-friendly websites. I have created projects like a Weather App and Full-Stack JWT Authentication website (React-based website). I am eager to learn new technologies and improve my development skills while contributing to real-world projects.

EXPERTISE

Responsive Web Design | Website Development | React.js Development | API Integration | Git & GitHub

TECHNICAL SKILLS

HTML5 | CSS3 | JavaScript | React.js | Bootstrap | Tailwind CSS | Git | GitHub | PHP | MySQL | Django | MongoDB | Python | NodeJS

PROJECTS

I. Weather-App

- Developed a weather application using JavaScript, HTML, and CSS to display real-time weather data.
- Used fetch API / asynchronous JavaScript (Promises, async/await) for efficient data handling.
- GitHub: <https://github.com/simranpanwar123/Weather-App>
- Live Demo: <https://weather-app-nine-sooty-55.vercel.app/>

II. Full-Stack jwt authentication

- Developed a full-stack jwt authentication website using React, Django, JWT, APIs.
- A full-stack web application with secure JWT authentication. Users can register, login, and access protected routes using JWT tokens
- GitHub: <https://github.com/simranpanwar123/Fullstack-jwt-authentication>
- Live Demo: <https://fullstack-jwt-authentication.vercel.app/>

INTERNSHIP

Cognifyz Technologies

Feb 2025 – April 2025

- Successfully completed a front-end development internship at Cognifyz Technologies, contributing to real-world projects and gaining hands-on experience in web development, API integration, and collaborative coding environments.
